SUCTION SYSTEM

Suction system Membrane pump

Capacity of suction 0.2 l/min.

POWER SUPPLY

Power supply Rechargeable NiMh batteries

Recharging of batteries With battery charger (to be carried out in a safe area)

Autonomy More than 8 hours under normal working conditions

CERTIFICAZIONE

GENERAL TECHNICAL DATA

Environmental working condition Temperature -25 - 50 °C
 Humidity < 95%

Environmental storage condition Temperature -40 - 60 °C
 Humidity < 95%

Size (L x W x H) 145x70x33 mm without probe / 290x70x33 mm with probe

Weight 350g
